

To install the S&P Capital IQ Pro Excel plug-in on a Windows device:

Access to S&P Capital Pro dashboard has changed.

You must login to S&P Capital IQ Pro using the new URL:

https://secure.signin.spglobal.com/sso/saml2/0oa1qbwn3hnYoz1DX1d8/app/spglobaliam_sp_1/exk1mregn1oWwP2NB1d8/sso/saml?RelayState=https%3A%2F%2Fwww.capitaliq.spglobal.com%2Fweb%2Fclient%2Flanding

You will be required when you first login to the new URL to provide personal data and consent for this to be shared with the supplier to access S&P Capital Pro dashboard.

- Save this file: [Queen's University Belfast S&P Capital IQ Pro Excel plug-in Registry script](#) on your device.
- Download and install the correct S&P Capital IQ Pro Excel plug-in for your device (either 32BIT or 64BIT)

32BIT MSI Link: <https://www.capitaliq.spglobal.com/apiservices/office-tools-service/Content/ja-JP/SPCapIQProOfficeFull-x64-1.0.25104.2.msi>

64BIT MSI Link: <https://www.capitaliq.spglobal.com/apiservices/office-tools-service/Content/ja-JP/SPCapIQProOfficeFull-x86-1.0.25104.2.msi>

- Open 'Registry Editor' on your Windows computer.
- Go to File > Import.
At bottom right, choose 'All Files' from the 'Registration Files *.reg' dropdown.
- Navigate to the location on your device where you downloaded the text file and select 'Queen's University Belfast S&P Capital IQ Pro Excel plug-in Registry script.txt'.
